## Open / Senior Open Assessment Fee

There has been some confusion concerning the \$30 fee assessed to all participants in the Open/Senior Open Championships. This fee is assessed to those who participate in both provincial events. Originally it was brought in to offset the costs associated with Nationals, however, this is no longer the case and hasn't been for a long time.

Our budgeting process determines fees charged to each association for all events run by O5, and the mandate is for all O5 events to break even financially. The fees assessed to the participants of the Senior Open Championships are only used to offset costs of that event.

As it does not go to a National event, none of the money from the Senior event is used for Nationals. The fees assessed to the Open Championships are used to offset the costs of that event, which includes costs associated with the National event. The fees have remained at \$30 for several years. It was recently brought to our attention that the documentation that is sent out indicates that the assessment fee is to be determined. Moving forward, we will ensure that the paperwork is reflective of the actual fee to be assessed, so that you have clear and complete information prior to bowling. Any questions should be directed to the O5 office or the Treasurer for clarification.
