“REMINDER” Record Scores Program

At the C5PBA Annual General Meeting in Ottawa held this past August, it was voted on and ratified that the record scores program shall now include scores from bowlers playing in registered leagues who bowl two frames at a time. Below is the actual motion that was presented by P.E.I.

“In leagues where players bowl 2 frames per turn. The team on the left side of the score sheet shall roll their first 2 frames on the odd numbered (left) lanes and their 3rd and 4th frames on the even numbered (right) lanes, the 5th and 6th frames on the odd numbered (left) lanes and thus alternating until the end of the game. The team on the right side of the score sheet will start play on the even numbered (right) lanes, and also continue to alternate lanes until the completion of the game”.

This is retroactive back to September 1, 2016 and will be incorporated into the current record scores categories that already exist. They are not creating a separate record scores program for those leagues that bowl 2 frames at a time.

To All O5PBA League Secretaries – Don't Forget...

To submit, all of your league O5PBA member bowler's year end pinfall and games played statistics to the ZONE or DECENTRALIZED ZONE AVERAGE BOOK CHAIRPERSON, within 2 weeks of the conclusion of your league bowling season (including playoffs).
