Re: Ontario Open and Senior Open Bowler's Survey

The Ontario 5 Pin Bowlers' Association Board of Directors is looking for the input of all Open and Senior Open participants in your Zone. During this year's Annual General Meeting, held on June 9 – 11, 2022, there were several Motions and Recommendations presented to the delegates regarding changes to the structure of the Ontario Open and Senior Open Provincial Championships. Since these Open Championships are a C5PBA event, some of these changes will require C5 approval before they can be implemented.

Enclosed you will find a survey that addresses these changes. We are asking that since these changes could affect your bowlers and possibly your entries, that you send this survey out to all bowlers who participated in your Zone qualifying round of the Ontario Open and Senior Open, either recently or in the past, and have them complete the survey and return it to us by July 15, 2022, to results@o5pba.ca.

For your convenience, a version of this survey is also available at <https://o5pba.surveyparrot.com/s/open--senior-open-feedback-survey/tt-24ab13> on SurveySparrow.

This is an opportunity for all Open and Senior Open participants to provide their input into the Open and Senior Open Championships.

Thanks

Sincerely,

O5PBA Board of Directors
