SUNSET 5 PIN BOWLERS' ASSOCIATION

RECOMMENDATION #1

<p>A plan be developed to find a way to keep the pace of play in the desired time frame.</p>
--

REASON

Slow play affects everyone.

- Bowling centres can't turn their lanes over to more profitable groups.
- Bowlers with long delays between games are at a greater chance of injury.

SUNSET 5 PIN BOWLERS' ASSOCIATION

RECOMMENDATION #2

<p>The O5 put in policy and procedure for their events to prevent (limit) membership bringing outside food and beverage into bowling centres.</p>

REASON

A major reason bowling centres are not surviving is that they are not making enough money. We need to do everything that we can to support them so that our sport can continue to survive.
